

Manifold Puzzle

Objective: Separate the two pieces.

Too difficult? Here's a hint.

To separate:

1. Align a sharply bent end on the right and a softly bent end on the left against each other.
2. Rotate the right one clockwise.
3. Allow for a 90' angle to be formed, pull apart.

To attach:

Reverse above actions.

Step 1

Step 2

Step 3
