

Objective: Separate the Ring Piece from the puzzle.

Too difficult?

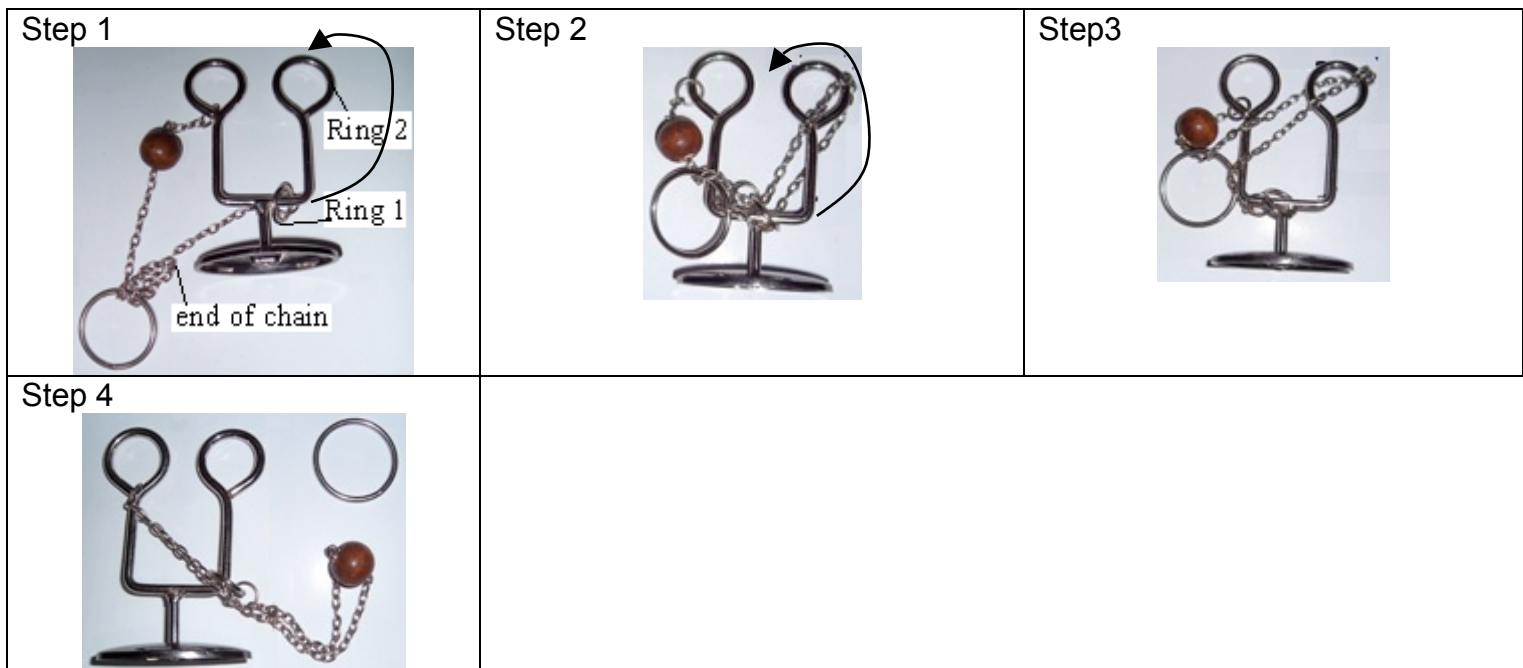

Take a hint from the solution below.

To Separate:

1. Start from Step 1 position. Push the end of chain through ring 1 then over ring 2 till you reach step 2 position.
2. Pull the whole lot back; then again push the end of chain through over ring 2 as in Step 2.
3. Now you should reach step 3 positions and be able to release the Ring Pieces.

To Reattach

Make the reversed steps of the above.

ENJOY!
